Famous Jets and Fighters

ALL-PLASTIC Authentic Scale Models

Like colorful masterpieces, Comet's new series of six plastic models have won the admiration of all America! Not toys, but true-to-scale, faithful reproductions of famed jets and fighters, beautifully molded, rich in authentic detail, with a high-gloss finish in authentic colors. Approximate wingspans 5½". Each is complete with its own clear plastic pedestal, the correct decals and simple plans. Ready to be assembled in a matter of moments. And yet—all this "Perfection in Plastics," thanks to Comet's mass-production facilities and tremendous volume, which make it the world's largest manufacturer of model airplanes—retails at only 29c each!

Model Builders who wanted to "Build Them All" asked for these "SIX-in-a-Box" Plastic Groups

Comet's 29c and 39c plastic models made such a "hit" with model builders, that many bought all six models in each series. So we figured: "Why not pack each group in squadron form—six in a box?" Result: the "SQUADRON of SIX" containing all of our 29c plastics at a money-saving unit price—and the "BIG 6"," which gives you all of our 39c plastics in one handy package—also at a saving! Each box is a striking, full-color masterpiece—and the individual planes are neatly boxed inside. You'll get a real thrill whichever you buy—why not buy them both?

The "Squadron of Six"

Included in this stunning full-color box are all these famous jets and fighters:

KIT PL-1 GRUMMAN F9F-6 COUGAR
KIT PL-2 N. AMER. F100 SUPER SABRE
KIT PL-3 LOCKHEED F94C STARFIRE
KIT PL-4 DOUGLAS F3D SKYKNIGHT
KIT PL-5 DOUGLAS F4D SKYRAY
KIT PL-6 REPUBLIC F84F THUNDERSTREAK

$1.69

The "BIG SIX"

This well-balanced group includes all six of our 39c plastics—jets and executive planes—in a big box at a price that makes it a big value:

KIT PL-20 DOUGLAS B-66
KIT PL-21 BOEING B-52 STRATOFORT
KIT PL-22 BOEING B-47 STRATOJET
KIT PL-23 PIPER APACHE
KIT PL-24 AERO COMMANDER 680
KIT PL-25 CESSNA 310

MORE "MIRACLES IN PLASTIC" by Comet

at 69c each

THE BEECHCRAFT SUPER 18

KIT NO. PL-502—69c

This is a scale model, amazingly realistic, of the luxurious new twin-engined Beechcraft Executive Transport Plane which represents the last word in roomy comfort and deluxe appointments. The model is molded in vivid colored plastic. Engines are fully detailed; propellers really spin. All windows and windshield are molded of clear plastic. Complete with three-color decals and a ball swivel stand which shows off the model to best advantage. Wingspan 10"; length 6⅛"; individually packaged in stunning full-color box.

THE REPUBLIC P-47 THUNDERBOLT

KIT NO. PL-501—69c

A beautifully detailed model—in all plastic—of the fighter-bomber which played such a big part in Europe and the Pacific during World War II. It cut the enemy's communications and supply lines; also used effectively as a high-altitude escort fighter. Comet's model of this great plane has a 4-bladed prop that spins, clear canopy, gas tanks and machine guns, pilot, full-color decals. Model is in authentic color, and comes with ball-swivel stand. Wingspan 9"; length 7¼"; packaged in a 4-color box with action-packed picture.

THE GRUMMAN S-2F-1 HUNTER-KILLER

ALL PLASTIC

KIT NO. PL-801—98c

This is the Navy's answer to the submarine! Hunts out enemy subs with magnetic, radar and sonar devices, and destroys them with rockets and bombs. Comet's accurate replica of this great plane is true-to-scale, and includes extensible sonar turret and magnetic detector boom, faithfully reproduced. Rockets are mounted beneath each wing and all markings and insignia are supplied in three-color decals. Ball swivel display stand included. Wingspan 15¼"; length 9⅝"; individually packaged in full color box with picture of plane in thrilling action!

THE BOEING 707 STRATOTANKER

ALL PLASTIC

KIT NO. PL-800—98c

With a wingspan of 13⅞" and a length of 12 19/32", this Comet all-plastic model of the Boeing 707 is a stand-out! 10 wheel landing gear, all important exterior details including forward pilot's cabin. 12 oval windows molded in clear plastic. Easy-to-follow instructions for quick assembly; complete decals for an eye-catching, colorful finished model. A true-to-scale masterpiece in a full color carton!
